

Illinois Nurse Associate Political Action Day

The Illinois Nurse Association (INA) is presenting the 12th annual Student Nurse Political Action Day on Wednesday, March 24th, 2010. The event will be held at the Prairie Capital Convention Center in downtown Springfield.

The INA says this event for nursing students to meet their legislators, learn about the benefits of becoming politically active and learn how current bills affect the future of nursing. In addition to this, the event provides the opportunity for nursing students to meet exhibitors and explore career and educational opportunities. Current R.N.'s can earn Continuing Education Contact Hours.
